

# Youth Traffic Safety Summit

## September 12<sup>th</sup>, 2010

### Organization Representative Registration

Because we share a common goal in keeping the roads and communities safe for young people, we are requesting your participation at our upcoming state-wide Youth Traffic Safety Summit, scheduled for September 11-12<sup>th</sup>, 2010. It will be held at the Disneyland Resort in Anaheim, California, with partial funding by the California Office of Traffic Safety.

The California Friday Night Live Partnership supports the work of programs throughout 56 California Counties, that partner with youth as resources to reduce the number one killer of young people: traffic collisions. Underage drinking, distracted driving and occupant protection are high priorities in this ongoing effort. The young people involved in these projects are mobilizing to engage parents, their schools and their communities to increase awareness and promote positive change. A major component of the Summit is to provide an opportunity to the young people to develop and plan their traffic safety projects in the coming year. They are anxious to connect with agencies to collect information for their future projects to ensure a successful second year.

On September 12<sup>th</sup>, 2010, from 10:00AM – 12:45PM, your organization has the opportunity to host a booth at the Summit where you will be able to share and distribute information and resources to the young people and their adult allies implementing these traffic safety projects. They will be ready to interview representatives on the work you do, so please have staff on hand. Please join us in supporting our young people into the future.

#### PLEASE TYPE OR PRINT

Agency/Organization/School Name:
Name of Representative(s):
County:
Address:
Phone:
Email:
Fax:
Number of tables needed:
Please list any audio visual/ technical needs you have in order to participate.
